I wrote my first line of code when I was just five, I made animations via coding with BASIC.

I am passionate, adaptable and team player front end developer. I work with the latest web technologies and develop web applications, mobile sites and hybrid applications.

I am self-motivated, technology minded, eager to learn with excellent analytical and problem solving skills.

Skills

HTML5/CSS3 SASS, LESS, BEM, templating.

Javascript NodeJS, Latest ECMAScript, Babel, Webpack, jQuery, React, Angular, ESLint, Karma, Jasmine, Enzyme, MobX, Redux.

Creative Photoshop, Illustrator, InDesign, CorelDraw, Adobe Premiere, Final Cut Pro.

Other SQL, PHP, WordPress, SVN, Jenkins, JIRA, Github, Bash, npm, Yeoman, Grunt, Gulp, Android, rest API.

Languages

I'm native Arabic fluent in English learnt Dutch lately and also, I know some Turkish and Italian.

Education

2006 – 2011

Bachelor's Degree of Media

Damascus University

2016 – 2017

Full Stack Web Development

HackYourFuture, Amsterdam

The core language HYF teaches is JavaScript, the curriculum contains the fundamentals of HTML, CSS, Node, Angular, React, Express and Databasing in MySQL/MongoDB.

However what HYF value most is that the students learn how to think like a programmer, how to solve problems, and how to manage a project.

Work

Front-End Developer @de Bijenkorf, Amsterdam

2017 – Present

I work in E-commerce department as a front-end developer, helping to improve the quality of the user experience provided to customers of de Bijenkorf. Collaborating with other team members we build reusable code and libraries using modern ECMAScript features, frameworks and libraries, optimizing application for maximum speed and scalability and building up a firm unit testing accompanying developing the code.

Translator @Freelance

2008 – 2016

English/Arabic – Arabic/English translator.

Editor & webmaster @Sununu Kids Magazine, Istanbul

2014 – 2015

Developing the magazine's website.

Journalist & webmaster @Annafir, Istanbul

2014

Create the website from scratch with its UI.

Maintain the performance and troubleshoot the site.

Video Editor @NewTR News Agency, Istanbul

2013 – 2014

Covering major events in Turkey and Syria for many Arabic and European TV channels.

Web Developer @Phoenix Web Development

2006 – 2012

Webmaster for multiple websites.

Managing cPanel / WHM Linux web hosting server.

Graphic Designer @Every Thing For Baby

2003 – 2008
